

EXCITING CAREER OPPORTUNITY

CERES, BOLAND

Ceres Fruit Growers (Pty) Ltd, one of SA's leading fruit packaging and marketing companies, is looking to employ an energetic and professional person in the following position at our **Ceres** plant:

Refrigeration Technician:

The cool storage of fruit is an important part of our operations and we have extensive cooling facilities that include both regular and controlled atmosphere cooling storage. We require the services of an appropriately qualified Artisan who holds at least a N3 or equivalent qualification as well as a successfully completed trade test. **Experience of ammonia cooling installations is required.**

The successful candidate will accept responsibility for :

- Maintaining, repairs and debugging on all ammonia refrigeration equipment (mechanical and electrical)
- Continuous inspections and servicing of maintenance and safety systems
- Fruit knowledge will enhance your application
- The successful candidate will also be expected to assist on an after-hours basis.

We offer a market-related, performance-driven remuneration package complemented by the benefits and pleasant working conditions associated with a progressive company. The remuneration package is negotiable in order to recruit the right candidate.

Please send your application, stating your current remuneration package and three contactable references, to The Manager: Human Resources, Ceres Fruit Growers (Pty) Limited, Private Bag X67, Ceres 6835 or email: hr@cfg.co.za

Closing date: 27 September 2021

If you did not hear from us within three weeks of the closing date, you may assume that your application was unsuccessful.

In accordance with our Employment Equity Policy, appropriately qualified persons from the identified groups will receive preference.
